## REPRESENTATIVE IN CONGRESS

Should be Elected by the Votes of of the People of Nevada

BECAUSE he has a lifelong reputation of being a man of absolute integrity.

BECAUSE he has demonstrated by great works, which remain to his credit, that he understands the West and its needs.

BECAUSE as a shipper of ore he understands the disastrous effects of misapplied railroad rates and taxes on the mining industry of the state.

BECAUSE as a rancher he has felt the effects of Democratic-free trade on the price of his products.

BECAUSE as an engineer and a scientific man he can present to Congress in a convincing manner the differing conditions of the West, and secure more suitable legislation.

BECAUSE he has labored with his hands in mine and mill, on ranch and railroad, and knows and is in sympathy with the problems of the workingman.

BECAUSE he is an ex-service man, a captain of engineers in the United States army in the world war.

BECAUSE he has a heartfelt interest in the welfare of the ex-service man and knows his aspirations and his needs; and because every service man in Nevada knows this fact.

BECAUSE success does not create in him a desire to leave the Battleborn State. He is bringing up his family of four children on a ranch wrested from sagebrush wastes.

BECAUSE he is for Nevada first, last, and all the time, with all his energy, capital, experience, ability, brains and love.
